

**Enterprise High School**  
Fall 2020 Reopening Options

Dear Students and Parents,

Enterprise High School will be operating under the state mandate to reopen schools for Fall 2020. We are taking several steps to make sure we do so in a safe and responsible manner. In response to COVID-19, some of the safety precautions we are taking include:

- Mandating that all students, staff, and visitors wear masks while on campus
- Maintaining guidelines for social distancing
- Installing touch-free hand sanitation stations throughout the building
- Managing the movement of students and staff
- Regularly sanitizing interior surfaces

Even with these precautions, the possibility of infection from COVID-19 remains.

For Fall 2020, we are offering four options for reopening. For planning purposes, we require that students/families commit to one of the options outlined below. Any changes that you wish to make after selecting your choice will be handled by school administration. Please use the link below or complete and return this form to submit your choice.

○	○	○	○

Enterprise High School will follow state guidelines and PCSB decisions to extend these options through the second semester. At any time, we will adapt to a total virtual environment from a total traditional/hybrid model as the State or Local government, CDC, DOH and/ or DOE deems appropriate.

If you have questions, please contact Donna Hulbert or Delvin Vick at (727) 474-1237.
